

## PROPHETIC MANTLE

The Mantle of Revelation and Warning

### Spirit Utterance

The prophet sees what others overlook.

The prophet hears what others ignore.

The prophet speaks what others fear to say.

The prophetic mantle does not exist to impress men.

It exists to align people with the will of the Most High.

The prophet is not called to popularity.

The prophet is called to faithfulness.

### Mantle Function

The Prophetic Mantle is called to:

Warn

Reveal

Exhort

Call to repentance

Confirm covenant

Discern seasons

Speak truth

The prophetic function helps people recognize the direction of Heaven.

### Primary Fruit

#### Faithfulness

A prophet must remain faithful to the message.

Not the crowd.

Not tradition.

Not popularity.

The message.

 Secondary Fruit

 Self-Control

The prophet must govern emotions, reactions, and assumptions.

Not every impression is a declaration.

Not every concern is a warning.

 Hidden Fruit

 Love

This is the fruit most often forgotten.

A prophet without love becomes an accuser.

A prophet with love becomes a restorer.

The purpose of warning is restoration.

Not destruction.

### TRAINING EXERCISE

Observe one area of life for seven days.

Do not immediately speak.

Do not immediately conclude.

Record patterns.

Record observations.

Record confirmations.

At the end of seven days, write what was consistently revealed rather than what was emotionally assumed.

Learn the discipline of observation before declaration.

### PROPHETIC SEAL

The prophet is not measured by how loudly he speaks.

The prophet is measured by how faithfully he carries what was given.

The prophetic mantle is strengthened through faithfulness,  
balanced through self-control,  
and perfected through love.

For prophecy is not merely foretelling.

It is faithfully bearing witness of the will of the Most High.
